Database Systems for Advanced Applications Arnab Bhattacharya 2022-04-26 The three-volume set LNCS 13245, 13246 and 13247 constitutes the proceedings of the 26th International Conference on Database Systems for Advanced Applications, DASFAA 2022, held online, in April 2021. The total of 72 full papers, along with 76 short papers, are presented in this three-volume set was carefully reviewed and selected from 543 submissions. Additionally, 13 industrial papers, 9 demo papers and 2 PhD consortium papers are included. The conference was planned to take place in Hyderabad, India, but it was held virtually due to the COVID-19 pandemic.

Pocket Drugs & Classifications Katherine Wiley 2011-10-06 The only pocket drug guide organized by classification! This practical resource provides succinct reviews of 36 drug classifications followed by descriptions of hundreds of generic drugs. Each classification provides a general overview of the actions, indications, adverse reactions/side effects, interactions, and other items relevant to each group of drugs. Individual descriptions follow and focus on normal dose ranges, special administration directions, and other drug-specific guidance. The reader-friendly layout makes finding essential information easy.

Reports of Cases Determined in the Circuit Court of the United States for the First Circuit, from April Term, 1858, to [May Term, 1878] ... by Hon. Nathan Clifford ... William Henry Clifford ... Reporter ... United States. Circuit Court (1st Circuit) 1880

Reviving the Invisible Hand Deepak Lal 2010-12-16 Reviving the Invisible Hand is an uncompromising call for a global return to a classical liberal economic order, free of interference from governments and international organizations. Arguing for a revival of the invisible hand of free international trade and global capital, eminent economist Deepak Lal vigorously defends the view that statist attempts to ameliorate the impact of markets threaten global economic progress and stability. And in an unusual move, he not only defends globalization economically, but also answers the cultural and moral objections of antiglobalizers. Taking a broad cross-cultural and interdisciplinary approach, Lal argues that there are two groups opposed to globalization: cultural nationalists who oppose not capitalism but Westernization, and "new dirigistes" who oppose not Westernization but capitalism. In response, Lal contends that capitalism doesn't have to lead to Westernization, as the examples of Japan, China, and India show, and that "new dirigiste" complaints have more to do with the demoralization of their societies than with the capitalist instruments of prosperity. Lal bases his case on a historical account of the rise of capitalism and globalization in the first two liberal international economic orders: the nineteenth-century British, and the post-World War II American. Arguing that the "new dirigisme" is the thin edge of a wedge that could return the world to excessive economic intervention by states and international organizations, Lal does not shrink from controversial stands such as advocating the abolishment of these organizations and defending the existence of child labor in the Third World.
