*All God's Creatures* Carolyn McSparren 2004-11-15 Often compared to the novels of James Herriot, ALL GOD'S CREATURES follows the life of a woman veterinarian in modern Tennessee. From an unlikely start as a white-glove debutante in the 1960's to a sexism-defying launch in vet school to the adventures, sorrows, joys and oddities of a long veterinary practice, our heroine spins tales of the animals and people who share her life. By veteran romance author and dedicated horsewoman Carolyn McSparren, who also writes the Merry Abbot Carriage Driving Mysteries.

**Ensuring National Biosecurity** Carole R Baskin 2016-02-03 Ensuring National Biosecurity: Institutional Biosafety Committees reviews the various responsibilities and associated challenges Institutional Biosafety Committees (IBCs) face and proposes changes that may help improve this system and increase national biosecurity and worker safety. In recent years IBCs in academic and other institutions have been tasked with increasing levels of responsibility, overseeing work with recombinant genetic material and hazardous agents. IBC members often lack the training to effectively ensure that the work performed is truly safe for scientists and the general community, and so increasingly rely upon the expertise of the researchers themselves. With the proposed US dual-use research policies soon to be implemented, this strain may increase. This book provides readers with the necessary information to be able to enhance national biosecurity within the US, EU, Australia, New Zealand, Japan and more. Ensuring National Biosecurity is as an invaluable reference for biosafety professionals or for researchers who need to understand the regulatory landscape that impacts their research. Examines and assesses the current state of Institutional Biosafety Committees (IBCs) Collates contributions from world-renowned experts in fields as diverse as research compliance, law and astrobiology Reflects an international perspective on regulatory biosecurity and biosafety Official Journal of the European Communities 1992

**Gun Laws of America** Alan Korwin 2003 The only unabridged compilation of federal gun laws in print, includes plain-English description of every law on the books and 70 pages of intro that explains how the whole system works. Everything Congress has done regarding Second

Amendment right to keep and bear arms.
