The Foreign Office, Commerce and British Foreign Policy in the Twentieth Century

John Fisher 2017-02-16 This book addresses the interface of the British Foreign

Office, foreign policy and commerce in the twentieth century. Two related

questions are considered: what did the Foreign Office do to support British

commerce, and how did commerce influence British foreign policy? The editors of

this work collect a range of case studies that explore the attitude of the Foreign

Office towards commerce and trade promotion, against the backdrop of a century of

relative economic decline, while also considering the role of British diplomats in

creating markets and supporting UK firms. This highly researched and detailed

examination is designed for readers aiming to comprehend the role that commerce

played in Britain's foreign relations, in a century when trade and commerce have

become an inseparable element in foreign and security policies.
