Combining C-C ?-Bonds L.A. Paquette

1992-09-08 The guiding principle

underlying the subject matter

specifically compiled in Volume 5 has

been to make available to the organic

chemical community a sourcebook

comprehensively covering all the

important σ -bond-dependent

transformations. Thermal,

photochemical, and metal-catalyzed

cycloadditions of every major type

are expertly detailed by the most

knowledgeable researchers in these

areas. The synthetically useful

electrocyclic and sigmatropic

processes where alkenic centers are

intimately involved in the structural

change are similarly canvassed in

compact detail. With added attention

given to ene reactions, small-ring

rearrangements, and related

transition metal-associated

reactions, coverage has been achieved

of the full range of organic

transformations directly involving

the rebonding of alkenic centers. As

a consequence, this volume should

serve as the comprehensive sourcebook

of the field for the next decade and

beyond.

S. Hrg. 108-622 U.S. Government Printing Office (Gpo) 2013-11 The United States Government Printing Office (GPO) was created in June 1860, and is an agency of the U.S. federal government based in Washington D.C. The office prints documents produced by and for the federal government, including Congress, the Supreme Court, the Executive Office of the President and other executive departments, and independent agencies. A hearing is a meeting of the Senate, House, joint or certain Government committee that is open to the public so that they can listen in on the opinions of the legislation. Hearings can also be held to explore certain topics or a current issue. It typically takes between two months up to two years to be published. This is one of those hearings.
