Issue Politics in Congress Tracy Sulkin 2005-10-10 Do
representatives and senators respond to the critiques
raised by their challengers? This study, one of the
first to explore how legislators' experiences as
candidates shape their subsequent behavior as policy
makers, demonstrates that they do. Winning legislators
regularly take up their challengers' priority issues
from the last campaign and act on them in office, a
phenomenon called 'issue uptake'. This attentiveness to
their challengers' issues reflects a widespread and
systematic yet largely unrecognized mode of
responsiveness in the US Congress, but it is one with
important benefits for the legislators who undertake it
and for the health and legitimacy of the representative
process. This book provides fresh insight into questions
regarding the electoral connection in legislative
behavior, the role of campaigns and elections, and the
nature and quality of congressional representation.
