Heat-transfer and Pressure Measurements on a Flat-plate Surface and Heat-transfer Measurements on Attached Protuberances in a Supersonic Turbulent Boundary Layer at Mach Numbers of 2.65, 3.51, and 4.44 Paige B. Burbank 1962
Managerial Accounting James Jiambalvo 2009-10-19 This resource presents the key accounting concepts that managers must know in order to make informed decisions. The fourth edition includes expanded Incremental Measurement and You Get What You Measure sections in each chapter. These hallmark features help them focus on real issues. New demo problems have been added as well to show how the concepts are applied. The end-of-chapter problems and Links to Practice sections have been revised and updated to connect the techniques to the business world. Case studies also enable managers to gain critical and applied thinking skills that are especially important in today's competitive environment.

The Young Turks' Crime Against Humanity Taner Akçam 2012 "For the past two decades, Taner Akcam has been tirelessly unearthing the Armenian Genocide. In "The Young Turks' Crime against Humanity," he writes with a compassionate understanding both for the fears of the Ottoman Turks, who nearly became a subject people at the end of World War I, and for the aspirations of Armenians, Greeks, and others to emancipate themselves from the Ottoman yoke. This is essential reading for all who want to understand these world-historical events."--Seyla Benhabib, Yale University
 "Taner Akcam, a meticulous and courageous scholar, continues his pathbreaking work on the Turkish genocide of Armenians. "The Young Turks' Crime against Humanity "will have extraordinary significance not only for Armenians and Turks, but for all students of genocide and for the larger human struggle to identify, name, and combat mass killing."--Robert Jay Lifton, author of "Witness to an Extreme Century: A Memoir" "This major new contribution to our understanding of the Turkish atrocities directed against the Armenians in 1915 draws upon much hitherto untapped material. Akcam is a courageous scholar who has paid a stiff price for his intellectual integrity. He is also a masterful academic who thoroughly researches the primary sources and then writes with unquestionable authority."--William A. Schabas, Middlesex University "Akcam's newest book on the Armenian genocide is based on stunning documentation from the Ottoman Turkish archives. Arguing that the annihilation of the Armenians (and the ethnic cleansing of the Ottoman Greeks) was based primarily on the Young Turks' commitment to demographic engineering, Akcam

also explores the forced conversion and assimilation of Armenian children and the seizure of Armenian property. The book stands as powerful testimony to those who perished and as an unimpeachable rebuttal to denial."--Norman M. Naimark, author of "Stalin's Genocides" "This is an extraordinary book in many ways. It is an important contribution to the documentation of the Armenian Genocide and stands as a marker to what we now know. And it is simply stunning to read through the documents gathered by Akcam and to hear the voices of those who ordered the deportations and killings."--Ronald Suny, University of Michigan "

Who Reads Ulysses? Julie Sloan Brannon 2013-10-28 Julie Sloan Brannon examines the Joyce Wars as a fascinating nexus of the conflicts between scholars and ordinary readers, and one that illuminates the existence of ulysses-and by extension, Joyce-as an example of Lyotard's differend, an icon that exists simultaneously in two separate yet contradictory discourses, each of which silences the other. The Academic Joyce is radically different from the Public Joyce, and yet neither could exist independently. Tangled up in this conflicted space are the interests of the common reader, a nebulously defined entity, and the continuing controversies illustrate the strange relationship between academics, readers, and editors. Who Reads Ulysses? calls for us to look not only at questions of authorship raised by editorial theory, but to look carefully at who reads ulysses-and why they read it. This volume provides fruitful ways to explore the subversive nature of text for readers, both in and out of the academy.
