If you ally dependence such a referred [files/old/stories/2004/06/17](#) book that will allow you worth, get the very best seller from us currently from several preferred authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every book collections [files/old/stories/2004/06/17](#) that we will categorically offer. It is not just about the costs. Its practically what you craving currently. This [files/old/stories/2004/06/17](#), as one of the most keen sellers here will no question be accompanied by the best options to review.

The Revised and Enhanced History of Joseph Smith by His Mother Lucy Smith 1996 From the original "Preliminary Manuscript" dictated by Lucy Smith to her scribe, Martha Coray.

Diana Andrew Morton 2013-10-01 When Andrew Morton's world-famous biography, *Diana: Her True Story*, was first published, it caused a media frenzy, and shook the British Establishment to its foundations. Later revealed as having been written with the Princess's full co-operation, this international bestseller is now widely regarded as her official biography. Yet it was not the full story, as in all the sound and fury of its publication, Diana began a journey - a courageous evolution from life as a downtrodden wife and reluctant royal to a self-confident and independent modern woman. *Diana: In Pursuit of Love* follows this journey, picking up the story where Andrew's first book left off and uses new sources and material as well as a wealth of previously unpublished matter and 16 pages of stunning photos. The book reveals the stories of figures such as her renowned lover James Hewitt, her butler Paul Burrell and Prince Charles's valet, Michael Fawcett, while intriguing comments that Diana made to Morton in taped conversations become extremely important in view of subsequent events. *In Pursuit of Love* is an honest, unbiased account of one of the most admired, influential figures of our era and the definitive study of Diana.

Presidential Communication and Character Stephen J. Farnsworth 2018-03-09 This book traces the evolution of White House news management during America's changing media environment over the past two decades. Comparing and contrasting the communication strategies of Bill Clinton, George W. Bush, Barack Obama, and Donald Trump, it demonstrates the difficulty that all presidents have in controlling their messages despite a seemingly endless array of new media outlets and the great advantages of the office. That difficulty is compounded by new media's amplification of presidential character traits for good or ill. Facebook, Twitter,

and YouTube notwithstanding, presidential power still resides in the "power to persuade," and that task remains a steep challenge. More than ever, presidential character matters, and the media presidents now employ report on the messenger as much as the message. The book also looks at the media strategies of candidates during the 2016 presidential campaign, puts presidential media use in global context, and covers the early phase of the Trump administration, the first true Twitter presidency.

Peppa Pig: Official Annual 2017 2016-08-04

Like an Animal: Critical Animal Studies Approaches to Borders, Displacement, and Othering 2021-06-17 Like an Animal features a number of relevant critical animal studies scholars providing theoretical and empirical accounts on the intersection of border politics, displacement and nonhuman animals.

Buried Alive (Behind Prison Walls) for a Quarter of a Century Thomas S. Gaines 1892-07-01 In presenting this volume to to the public I do not intend that the convict shall pose as a martyr. And as sensationalism is almost invariably incompatible with the truth, I shall also avoid that. Far more eloquent pens than mine have exhausted the subject of contract labor, showing the world the injurious effects it had on the workingman. It is now my aim to show the misery it causes to his more unfortunate brother on the inside of the walls. I make no comments, I merely portray the facts. I am the artist. You, reader, are the critic. But in sending forth this little book, should it gain the attention of some of our public benefactors, and through them be the means of bettering the condition of those bound to these modern despots, I shall feel that I have not written in vain.

[Chocolate American Style](#) Lora Brody 2004 A treasury of uninhibited, all-American chocolate recipes is organized by occasion and features eight brownie varieties as well as such options as Devil's Food Cake with White Chocolate Icing, Toll House Cookies, and Chocolate Bread Pudding. 25,000 first printing.

One Moment, Please! Mort Crim 1972

Nemesis Peter Evans 2009-03-17 Peter Evans's biography of Aristotle Onassis, Ari, metwith great acclaim when it was published in 1986. Ariprieved the world with an unprecedented glimpse of theGreek shipping

magnate's orbit of dizzying wealth, twisted intrigues, and questionable mores. Not long after the book appeared, however, Onassis's daughter Christina and his longtime business partner Yannis Georgakis hinted to Evans that he had missed the "real story" -- one that proved Onassis's intrigues had deadly results. "I must begin," Georgakis said, "with the premise that, for Onassis, Bobby Kennedy was unfinished business from way back..." His words launched Evans into the heart of a story that tightly bound Onassis not to Jackie's first husband, but to his ambitious younger brother Bobby. A bitter rivalry emerged between Bobby and Ari long before Onassis and Jackie had even met. Nemesis reveals the tangled thread of events that linked two of the world's most powerful men in their intense hatred for one another and uncovers the surprising role played by the woman they both loved. Their power struggle unfolds against a heady backdrop of international intrigue: Bobby Kennedy's discovery of the Greek shipping magnate's shady dealings, which led him to bar Onassis from trade with the United States; Onassis's attempt to control much of Saudi Arabia's oil; Onassis's untimely love affair with Jackie's married sister Lee Radziwill; and his bold invitation to First Lady Jackie to join him on his yacht -- without the president. Just as this self-made Greek tycoon gloried in the chance to stir the wrath of the Kennedys, they struggled unsuccessfully to break his spell over the woman who held the key to all of their futures. After Jack's death, Bobby became ever closer to Camelot's holy widow, and fought to keep her from marrying his sworn rival. But Onassis rarely failed to get what he wanted, and Jackie became his wife shortly after Bobby was killed. Through extensive interviews with the closest friends, lovers, and relatives of Onassis and the Kennedys, longtime journalist Evans has uncovered the shocking culmination of the Kennedy-Onassis-Kennedy love triangle: Aristotle Onassis was at the heart of the plot to kill Bobby Kennedy. Meticulously tracing Onassis's connections in the world of terrorism, Nemesis presents compelling evidence that he financed the assassination -- including a startling confession that has gone unreported for nearly three decades. Along the way, this groundbreaking work also daringly paints these international icons in all of their true colors. From Evans's deeply nuanced portraits of the charismatic Greek shipping magnate and his acquisitive iconic bride to his probing and revelatory look into the events that shaped an era, Nemesis is a work that will not be soon forgotten.

The Step Diet Book James O. Hill 2004-01-01 Developed by two weight-loss experts, cofounders of America on the Move, "The Step Diet Book" is a motivational walking program that will help millions of overweight Americans lose weight and keep it off forever.

The Rebuilding of Greater Russia Bertil Nygren 2007-10-26 This book describes the strategies used by President Putin from 2000 onwards to recreate 'Greater Russia', that is a Russia that controls most of the territory of the former Soviet Union. It shows the subtlety of the means of control, often through creating

economic dependencies in the 'near abroad', including exploiting energy dependency, through prolonging other political and military dependencies, and sometimes through traditional 'power politics'. Bertil Nygren argues that after seven years in power the results of this strategy are beginning to show, providing comprehensive coverage of Russia's relations to the former Soviet territories of the CIS countries, including Ukraine and Putin's role in the events surrounding the 'Orange Revolution', Belarus and the attempts to form a union, the Caucasus and Russia's role in the various conflicts, Moldova, including the Transnistria conflict, and Central Asia. This is an important subject for Russian studies experts and international relations scholars in general.

India and the Anglosphere Alexander E. Davis 2018-11-29 India has become known in the US, the UK, Canada and Australia as 'the world's largest democracy', a 'natural ally', the 'democratic counterweight' to China and a trading partner of 'massive economic potential'. This new foreign policy orthodoxy assumes that India will join with these four states and act just as any other democracy would. A set of political and think tank elites has emerged which seek to advance the cause of a culturally superior, if ill-defined, 'Anglosphere'. Building on postcolonial and constructivist approaches to international relations, this book argues that the same Eurocentric assumptions about India pervade the foreign policies of the Anglosphere states, international relations theory and the idea of the Anglosphere. The assertion of a shared cultural superiority has long guided the foreign policies of the US, the UK, Canada and Australia, and this has been central to these states' relationships with postcolonial India. This book details these difficulties through historical and contemporary case studies, which reveal the impossibility of drawing India into Anglosphere-type relationships. At the centre of India-Anglosphere relations, then, is not a shared resonance over liberal ideals, but a postcolonial clash over race, identity and hierarchy. A valuable contribution to the much-needed scholarly quest to follow a critical lens of inquiry into international relations, this book will be of interest to academics and advanced students in international relations, Indian foreign policy, Asian studies, and those interested in the 'Anglosphere' as a concept in international affairs.

Hell's Best Kept Secret Ray Comfort 2004-07-01 How many souls have you won to Christ? How many are still walking with the Lord? All, some, a few? The facts are: Evangelical success is at an all-time low. We're producing more backsliders than true converts. The fall-away rate—from large crusades to local churches—is between 80 to 90 percent. Why are so many unbelievers turning away from the message of the gospel? Doesn't the Bible tell us how to bring sinners to true repentance? If so, where have we missed it? The answer may surprise you. One hundred years ago, Satan buried the crucial key needed to unlock the unbeliever's heart. Now Ray Comfort boldly breaks away from modern tradition and calls for a return to

biblical evangelism. If you're experiencing evangelical frustration over lost souls, unrepentant sinners, and backslidden "believers," then look no further. This radical approach could be the missing dimension needed to win our generation to Christ.

The Iran Nuclear Deal Dennis C. Jett 2017-10-19 This book examines attempts to influence the outcome of the negotiations between Iran and the United States over Iran's nuclear capabilities. In particular, it focuses on struggles within the United States around public and congressional opinion with regard to the accord. Trying to prevent a successful outcome to the talks became a cottage industry in Washington, with the casino billionaire Sheldon Adelson being just one of those who were pouring millions of dollars into the effort. On the pro-diplomacy side, there were a wide range of religious, peace, and arms control groups with some financial support coming from the Ploughshares Fund trying to create the space for a negotiated agreement. The tactics of both sides of the debate are described and analyzed to show how a contentious foreign policy issue can become not just a decision for high-level government decision makers, but a wide-ranging fight that involves scores of nongovernmental organizations, the media, and thousands of activists.

Handbook Of Terrorism In The Asia-pacific Gunaratna Rohan 2016-06-22 The Handbook of Terrorism in the Asia-Pacific provides a historical overview of terrorism in the Asia-Pacific, the evolution of threat, and the present threat faced by countries with the rise of the Islamic State (IS). This is a concise and readable handbook which examines the origins of the current wave of terrorism across countries in Southeast Asia, South Asia, Northeast Asia and the Pacific, and identifies emerging trends and new forms of terror that have altered the landscape and rendered the region increasingly vulnerable to asymmetric attacks. Comprising of more than 20 chapters, this handbook will be a useful source of reference for undergraduate and graduate students focused on understanding the causes of terrorism and insurgency in the Asia-Pacific.

Around the World with Peppa 2018-08-28 In this Level 1 reader, Peppa Pig and her family go on an airplane adventure around the world to visit all of Peppa's friends! Based on the hit animated show as seen on Nick Jr. Includes stickers!

Undocumented DOS Andrew Schulman 1990 Explains how to exploit the undocumented capabilities of the MS-DOS operating system when programming commercial software. Updated from the first edition to incorporate not only DOS 5.0 and 6.0, but also the forthcoming DOS 7 and Windows 4. Coverage is also expanded on Windows interfacing, DOS internals, and the role of undocumented interfaces in the software industry. Includes a 3.5" disk; equivalent 5.25" disks are available for \$10 more. Annotation copyright by Book News, Inc., Portland, OR

The Men We Became Robert T. Littell 2013-08-13 For over twenty years Robert Littell was John F. Kennedy

Jr.'s closest confidant. Now, in a beautiful and moving memoir, Littell introduces us to the private John. A story of laughter and sorrow, joy and heartbreak, *The Men We Became* is an unforgettable memoir. Rob Littell was a freshman at Brown when he met the young JFK, Jr. during orientation week. Although Littell came from a privileged background, it was worlds apart from the glamorous life of the son of the late President and Jacqueline Kennedy Onassis. Eager to be accepted on his own terms, Kennedy admired Littell's irreverence toward his celebrity and they became close friends. John opened up to Littell on a very personal level, revealing the complex and sometimes tense nature of his relationships with his sister and cousins, as well as his mother's extraordinary influence on John - and how they both worked to keep it from being overbearing. John's marriage had its ups and downs and Carolyn had made enemies of some of his friends, but she was in great shape mentally and physically and they were planning to have children. Littell recounts wonderful dinners at Jacqueline Onassis's apartment where she surprised him with his favorite dinner of specially burned hamburgers and weekends at her retreat in Martha's Vineyard where she critiqued their touch football while lying on a chaise lounge, her face covered in cold cream and cucumber slices. As students, Littell and Kennedy bummed around Europe. They slept in Hyde Park, sampled the pleasures of Amsterdam, ran afoul of customs officers and almost got busted at the Ritz Hotel for smoking pot. They even shared apartments in New York City until Jackie summoned them to dinner one day and gently suggested it was time to grow up. The two went on to pursue their professional lives. John trained as a lawyer - and Littell speaks of his friend's anguish at repeatedly failing the bar - and then he founded his own political magazine, which seemed only fitting because Kennedy yearned to live up to the family name and accepted that politics would be his destiny. Later on, Littell was a part of JFK, Jr.'s secret wedding to Carolyn Bessette on Cumberland Island, Georgia, and three years later a pallbearer at his funeral. From shared adventures, private moments and lasting memories, Robert Littell offers a unique look at John F. Kennedy Jr.'s life - one that has never been seen before.

The Skin of Our Teeth Thornton Wilder 1972 "Winner of the Pulitzer Prize, this is the groundbreaking satiric fantasy follows the extraordinary Antrobus family down through the ages from the time of 'The War' surviving flood, fire, pestilence, locusts, the ice age, the pox and the double feature, a dozen subsequent wars and as many depressions. Ultimately, they are the stuff of which heroes and buffoons are made. Their survival is a vividly theatrical testament of faith in humanity." --

Samurai Champloo Shinichiro Watanabe 2006-04-25 Follows the adventures of Mugen, Jin, and Fuu who must face assassins and search for the "samurai who smells like a sunflower."

The Mold Survival Guide Jeffrey C. May 2004-05-14 With clear scientific explanations and expert advice, The

Mold Survival Guide is a valuable resource for anyone worried about a common household problem that can have serious consequences.

Peppa's Storybook Collection (Peppa Pig) Scholastic, 2017-10-31 Seven Peppa Pig stories in one book! In this timeless hardcover storybook treasury, enjoy seven charming tales about everyone's favorite little piggy, Peppa! From Peppa's first sleepover party to the adventures of Princess Peppa and Sir George the Brave Knight, this collection of classic stories is sure to delight any Peppa Pig fan. This collection includes: The Story of Peppa Pig, Best Friends, George Catches a Cold, Princess Peppa, George's New Dinosaur, Peppa's First Sleepover, and Playtime for Peppa and George.

The 9/11 Commission Report David Ray Griffin 2005 "With this new book, David Ray Griffin establishes himself, alongside Seymour Hersh, as America's number one bearer of unpleasant, yet necessary, public truths." Richard Falk, professor emeritus, Princeton University With US political leaders Democrat and Republican alike rushing to embrace the recommendations of the 9/11 Commission, and an eager media receiving the Commission's 567-page report as the whole story, the history we can stand upon forevermore, everyone who cares about the fate of American democracy will want to know something about what those pages actually say. The Commission's account, by popular reckoning, has made an impression with its heft, its footnotes, its portrayal of the confusion of that sobering day, its detail, its narrative finesse. Yet under the magnifying glass of David Ray Griffin, eminent theologian and author of *The New Pearl Harbor* (a book that explores questions that reporters, eyewitnesses, and political observers have raised about the 9/11 attacks), the report appears much shabbier. In fact, there are holes in the places where detail ought to be thickest: Is it possible that Secretary of Defense Rumsfeld has given three different stories of what he was doing the morning of September 11, and that the Commission combines two of them and ignores eyewitness reports to the contrary? Is it possible that the man in charge of the military that day, Acting Head of the Joint Chiefs of Staff Myers, saw the first tower hit on TV, and then went into a meeting, where he remained unaware of what was happening for the next 40 minutes? Is it possible, as the Commission reports, that the FAA did not inform military that the fourth airplane appeared to have been hijacked--contrary to both common sense and the word of FAA employees? Is it possible that the Report, upon which are based recommendations for overhauling the nation's intelligence, fails to mention even in a footnote the most serious allegations made public by Coleen Rowley, FBI whistleblower and Time person of the year? David Ray Griffin's critique of the Kean-Zelikow report makes clear that our nation's highest leaders have told tales that wear extremely thin when held up to the light of other eyewitness reports, research, and the dictates of common sense--and that the Commission charged with the task of investigating all of the facts surrounding 9/11 has succeeded in

obscuring, rather than unearthing, the truth.

Eclipse Rich Client Platform Jeff McAffer 2010-05-12 The Definitive Guide to Eclipse Rich Client Development In *Eclipse Rich Client Platform, Second Edition*, three Eclipse Rich Client Platform (RCP) project leaders show how to use Eclipse 3.5 ("Galileo") to rapidly deliver cross-platform applications with rich, native-feel GUIs. The authors fully reveal the power of Eclipse as a desktop application development platform; introduce important new improvements in Eclipse 3.5; and walk through developing a full-featured, branded RCP application for Windows, Linux, Mac, and other platforms—including handheld devices and kiosks. Drawing on their extensive experience, the authors cover building, refining, and refactoring prototypes; customizing user interfaces; adding help and software management features; and building, branding, testing, and shipping finished software. They demonstrate current best practices for developing modular and dynamically extensible systems, using third-party code libraries, packaging applications for diverse environments, and much more. For Java programmers at all levels of experience, this book introduces important new RCP features such as p2, Commands, and Databinding Thoroughly covers key RCP-related technologies such as Equinox, SWT, JFace, and OSGi Shows how to effectively brand and customize RCP application look-and-feel Walks through user interface testing for RCP applications with SWTBot Illuminates key similarities and differences between RCP and conventional plug-in development Hands-on, pragmatic, and comprehensive, this book offers all the real-world, nontrivial code examples working developers need—as well as “deep dives” into key technical areas that are essential to your success.

Second Thoughts Mort Crim 1998-02-01 The broadcaster offers one hundred short essays on what he has learned about life during his thirty-five year career

Same-Sex Marriage and Social Media Rhonda Gibson 2018-01-12 According to polls, from the early noughties to now, public support for same-sex marriage has increased dramatically. *Same-Sex Marriage and Social Media* asks how such a rate of attitude change came about and, more specifically, what role social media played. Digital platforms like Facebook, Twitter and YouTube have proved to be useful outlets for political expression, and Rhonda Gibson explores how this came to benefit the marriage equality movement. Drawing on a wealth of movement-related discourse, the book looks at: how marriage equality was framed by news companies online and in print; the digital strategies deployed by LGBT+ rights organizations and their opponents to gain support; the corporate response to the same-sex marriage debate; the effect of perceived public opinion and the concept of social identity on how the debate evolved online. This book seeks to demonstrate how the unique ability of social networks to share personal stories on a mass scale, connect like-minded individuals regardless of geography, and leverage the bandwagon effect of viral content contributed to

a seismic shift in visibility and public opinion around the issue of marriage equality. Students and researchers will find this a timely and accessible introduction to the impact of online networks on LGBTQ rights.

Intratextuality Alison Sharrock 2000 They are all driven by the desire to look closely at the texts, often directing the reader's eye from a slightly unusual viewpoint."--Jacket.

A Mother for All Seasons Debbie Phelps 2009-04-07 The unsinkable Debbie Phelps—who captured the hearts of the world when her son, Michael, triumphed at the Beijing Olympic games—shares her inspirational story A Mother for All Seasons is the heartfelt, intimate memoir of an everywoman—a single mom and an educator who raised three exceptional children, including the greatest Olympian of all time, Michael Phelps. During the 2008 Olympic Games in Beijing, when Michael achieved the impossible with his record-shattering eight gold-medal wins, Debbie Phelps nearly stole the show. For the millions who were riveted to the most watched Olympics in history, few could forget the homage that Michael consistently paid to the one person on Team Phelps most responsible for making it all possible: his mom. Nor can we forget how after each medal ceremony, Michael walked proudly to the stands to reach up to his mother and his sisters, Hilary and Whitney, to deliver his winning bouquets to them. While those highlights will forever be remembered the world over, very few know the behind-the-scenes stories as lived by the members of Team Phelps—a roller-coaster ride full of dramatic ups and downs, heartbreaks, and disappointments, yet one guided to triumph by vision, courage, and tenacity. Now at last, in A Mother for All Seasons, we're given the untold story as lived by the mom on the team. An educator in home economics, motivational spokeswoman, visionary middle-school principal, mother of three, and grandmother of two, Debbie Phelps is also the eternal cheerleader who was raised in a small, blue-collar, working-class town. An avid believer that achievement is limitless for each and every child, no matter the odds, Debbie reveals the universal themes of her story, which is rich with struggle, humor, hope, advice, and passion. Infused with the indomitable spirit of “America's mom,” as she has been called, A Mother for All Seasons rallies us to cheer for all of our children at every stage of their growth and in every endeavor. Candid, lively, and charming, it offers timely, commonsense wisdom, lessons, and insights, and provides a much-needed reminder that life doesn't always turn out how you plan it, but in fact it can sometimes turn out even better.

Joni Mitchell's Court and Spark Sean Nelson 2006-12-18 Court and Spark is Joni Mitchell's most overt attempt at making a hit record, full of glossy production, catchy choruses, and even guest stars from every stratum of rock culture, high (Robbie Robertson) and low (Cheech and Chong). The record was a smash, reaching number two on the charts in March of 1974, spawning three hit singles; Help Me, Free Man in Paris and Raised on Robbery and cementing Mitchell's position as a commercial as well as an artistic force. Sean

Nelson, a well known musician himself (Harvey Danger, the Long Winters), is particularly well equipped to understand all the elements that went into the making of this classic album, and he does so with clarity and wit.

Energy Efficiency in Domestic Appliances and Lighting Paolo Bertoldi 2022-05-23 This book contains peer-reviewed papers presented at the 10th International Conference on Energy Efficiency in Domestic Appliances and Lighting (EEDAL'19), held in Jinan, China from 6-8 November 2019. Energy efficiency helps to mitigate CO2 emissions and at the same time increases the security of energy supply. Energy efficiency is recognized as the cleanest, quickest and cheapest energy source. Not only this, but energy efficiency brings several additional benefits for society and end-users, such as lower energy costs, reduced local pollution, better outdoor and indoor air quality, etc. However, in some sectors, such as the residential sector, barriers to investments in energy efficiency remain. Legislation adopted in several jurisdictions (EU, Japan, USA, China, India, Australia, Brazil, etc.) helps in removing barriers and fosters investments in energy efficiency. These initiatives complement innovative financing schemes for energy efficiency, the provision of energy services by energy service companies and different types of information programs. At the same time, progress in appliance technologies and in solid state lighting offer high levels of efficiency. LED lighting is an example. As with previous conferences in this series, EEDAL'19 provided a unique forum to discuss and debate the latest developments in energy and environmental impact of households, including appliances, lighting, heating and cooling equipment, electronics, smart meters, consumer behavior, and policies and programs. EEDAL addressed non-technical issues such as consumer behavior, energy access in developing countries, and demand response.

Valerie & Walter's Best Books for Children 2nd Ed Valerie Lewis 2004-03 Recommends more than 2,000 books appropriate for children from infants to age twelve, with reviews of new books and cross-references by theme and interest.

Confessions of a Yakuza Dr. Junichi Saga 2010-08-05 This is the true story, as told to the doctor who looked after him just before he died, of the life of one of the last traditional yakuza in Japan. It wasn't a "good" life, in either sense of the word, but it was an adventurous one; and the tale he has to tell presents an honest and oddly attractive picture of an insider in that separate, unofficial world. In his low, hoarse voice, he describes the random events that led the son of a prosperous country shopkeeper to become a member, and ultimately the leader, of a gang organizing illegal dice games in Tokyo's liveliest entertainment area. He talks about his first police raid, and the brutal interrogation and imprisonment that followed it. He remembers his first love affair, and the girl he ran away with, and the weeks they spent wandering about the countryside together.

Briefly, and matter-of-factly, he describes how he cut off the little finger of his left hand as a ritual gesture of apology. He explains how the games were run and the profits spent; why the ties between members of "the brotherhood" were so important; and how he came to kill a man who worked for him. What emerges is a contradictory personality: tough but not unsentimental; stubborn yet willing to take life more or less as it comes; impulsive but careful to observe the rules of the business he had joined. And in the end, when his tale is finished, you feel you would probably have liked him if you'd met him in person. Fortunately, Dr. Saga's record of his long conversations with him provides a wonderful substitute for that meeting.

Dash Eric J. Aronson 2003-01-01 DASH - stands for Determination, Attitude, Success and Happiness.

Engines of Change Ian J. Kerr 2007 The former Jewel in the Crown of the British Empire, India remains by any measure a major economic and political actor on the world scene. Kerr recounts the importance of this extensive railway network--completed against all odds by her British colonial masters--to the diverse lands and peoples of the subcontinent. Railway networks brought them together as a colony and fostered the

nationalism that would be Britain's downfall. Common rail travel enabled Gandhi to reach the masses. From its romantic mystique to its dangerous reality, it is India's rail travel that keeps vital social, cultural, economic and political forces moving today.

The Untold History of Japanese Game Developers Volume 2 John Szczepaniak 2015-11-04 Nearly 400 pages and over 30 interviews, with exclusive content on the history of Japanese games. The origins of Hudson, Masaya's epic robot sagas, Nintendo's funding of a PlayStation RTS, detailed history of Westone Entertainment, and a diverse range of unreleased games. Includes exclusive office layout maps, design documents, and archive photos. In a world first - something no other journalist has dared examine - there's candid discussion on the involvement of Japan's yakuza in the industry. Forewords by Retro Gamer founding editor Martyn Carroll and game history professor Martin Picard.

Human Readable Messages Mez Breeze 2012-01 Mez does for code poetry as jodi and Vuk Cosic have done for ASCII Art: Turning a great, but naively executed concept into something brilliant, paving the ground for a whole generation of digital artists." (Florian Cramer).
